Missed Appointment Policy

So that we are able to care for all our patients, we require two business day's notice if you need to change or cancel your appointment. Your scheduled time has been reserved for you and if you cannot make your appointment we would like to be available for another patient who may be in pain. If we do not receive two business day's notice a \$50 charge will be posted to your account. _____

We thank you for understanding and honoring our policy.
